

Model # WLACCWSM2-02

SOLDERING WORK STATION MAT, MEDIUM

Surface Protection

Silicone soldering mat protects your workspace from burns by resisting temperatures as high as 570°F/300°C.

Anti-Slip

Work safely and more effectively with the anti-slip, silicone soldering mat.

Clean & Tidy Workspace

Maintain a clean and organized soldering work environment. Ensure no small parts or tools are lost with individual compartments and placement slots for efficient organization. Silicone soldering mat includes a built-in ruler and four magnetic areas for secure storage.

Size Medium

17.75in x 11.75in
450,9mm x 298,5 mm
