

July 2020

1610-100DSP Packaging and Label Changes

Techspray will be implementing changes to the front and back labels for 1610-100DSP. In addition, in the near future, the tub container of the 1610-100DSP will also undergo some changes. These changes will be implemented as a rolling change.

New Front Label

New Back Label

There are **NO** other changes to the product materials and specifications.

In case of questions, please contact your Regional Sales Manager or designated sales support representative.

Kind regards,

ITW Contamination Control
