Currently, heavy-duty connectors are used wherever there is a need for a secure, simple and time-saving assembly of machinery and facilities.

The connector housings are made of die-cast aluminium and offer excellent protection against dirt, moisture and mechanical stress.

Special modular connectors make it possible to integrate signals, power supply and data connections into a single connector.

With the RockStar® heavy-duty connectors, Weidmüller offers a product line with many patented innovations that is oriented towards the future.

The RockStar® product line defines new standards with the comprehensive depth and width of its features. What other suppliers offer only as a custom configuration, Weidmüller supplies in its standard product line.

As a result, selecting the proper connector is now easier than ever. You save both time and money. And your work flow is optimised. Thus you can strengthen your position on the market and leverage your competitive advantage

### General ordering data

Type	HDC-CR10-3B GR
Order No.	<a href="#">1758470000</a>
Version	Heavy-duty connectors, HDC insert, ConCept frame
GTIN (EAN)	4032248019694
Qty.	5 pc(s).
