EcoTank L3111

Stylish and striking, this 3-in-1 inkjet is great for busy households looking to reduce their printing costs and enjoy mobile printing

Looking for a stylish and economical printer? This 3-in-1 EcoTank features a striking control panel and can reduce ink costs by 90% on average. With its enhanced ink filling system and new ink bottles engineered to minimise the risk of spills, this compact model proves a reliable and easy-to-use solution for printing in high volumes.

Minimise refills with cartridge-free printing

While keeping on top of ink replacements is unlikely to be on anyone's priority list, running out of ink can be a massive hassle. EcoTank provides a stress-free solution - from the first set of inks its ultra-high capacity ink tanks can hold the equivalent of 88 cartridges' worth of ink¹ on average. It's great for those that print lots as it minimises changing supplies.

Slash ink costs

This economical printer can save 90% on ink costs on average¹. With one set of ink you can produce an impressive 4,500 pages in black and 7,500 in colour².

Specially engineered for ease of use

EcoTank is more compact and easier to use than ever before. Its front-facing tanks are engineered for mess-free refills and the bottles are designed to only allow the correct colours to be inserted. Thanks to the front ink level display, it's easy to see when it's finally due for a refill.

Peace of mind

With a Micro Piezo printhead, EcoTank provides a reliable printing solution which is backed by a one year warranty

•	103	EPSON 103
•	103	unox
	103	11 kork

INK BOTTLE YIELD DATA

•	• • •
	6,500 pages'
	3,600 pages*

4,500 7,500 Replacement pages* pages*

* Approx. page yield based on ISO/IEC 24711/24712 or ISO/ IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit http://www.epson.eu/pageyield

1. Average number of cartridges required /savings achieved printing the same number of pages using the ink bottles included within the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturer's websites.

2. Quoted vields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 based on the replacement ink bottles. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
