## Complete Set

With the Trust Qoby 4-in-1 Home Office Set you have everything you need for a seamless work-from-home experience. This set includes the Trino HD Webcam, the Reno Headset and the Ximo Wireless Keyboard and Mouse Set. Four items that will make working from home a breeze.

## Wireless Keyboard and Mouse

The Ximo Wireless Keyboard has a full-size lay-out with a comfortable keystroke. It comes with a USB Micro Receiver that has a wireless connection of up to 10m. What makes it extra convenient is that the included Ximo Wireless Mouse uses the exact same receiver, so you don't have to use two different USB connections in your PC or laptop.

## Webcam

The Trino HD Webcam comes in handy during video calls. This 720p webcam uses an automatic white balance to create clear videos in any light condition. It comes with a handy stand to attach it to your monitor.

## Headset

Thanks to the Reno headset you won't have to worry about comfort when a meeting takes longer than planned. The thick ear cushions and adjustable headband provide enough comfort, even during the longest video calls, while the sensitive microphone makes sure you are heard when discussing business strategies.
