Product Change Notification

Title: **PCN #00116 TDK-Lambda Americas Inc. addition of product manufacturing location**

ZWS10B, ZWS15B, SWS600L and HWS600L/BAT Power Supply Series - Adding Senai Malaysia Production Site

Please be informed that the TDK-Lambda Senai, Malaysia production site will be added for the ZWS10B, ZWS15B, SWS600L and HWS600L/BAT series of power supplies. These are currently manufactured in our Kuantan, Malaysia factory and the transfer will start at the end of September, 2020 through to the beginning of November 2020.

This is to alleviate Malaysian manufacturing backlog delays due to COVID-19. Note that the SWS600L models have previously been manufactured in the Senai facility.

There is no change to product form, fit or function and safety certification is not affected.

We assure you that the quality will remain the same with our QC and QA system in place, including ISO factory certification.

For any questions concerning this notification, contact your local sales office or TDK-Lambda Americas Inc. customer service.
