D6T Thermal IR sensor - Country of Origin change

In an effort to accommodate increased production capacity, select models of the D6T Thermal IR sensor will transfer from our production facility in Thailand to our production facility in Japan starting January 1, 2021. There will be no impact on technical specifications as a result of this change. The product code (internal to Omron) and COO markings *will* change. Should you have any questions, please communicate with the Sensor Product Manager, Cary Horan.
