

NEW MASTER MODEL 10449 ULTRATANE BUTANE FUEL

Case with (36) 2 oz. Canisters

- Meets ORM-D consumer commodity class and can be shipped via ground transportation without hazardous material charges
- Triple refined, “non-clogging” formula prevents clogging of internal filters
- Special vapor pressure for consistent self-ignition of butane powered heat tools
- Contains no CFC’s (chlorofluorocarbons), will not harm the ozone layer
- Each canister comes with a convenient, single piece filler tip which fits multiple size orifices
- Shipping carton is pre-marked and labeled per DOT (Department of Transportation) regulations
- For best performance use Master Ultratane Butane Fuel in all Butane-Powered Heat Tools
