

# Wheeled Laptop and Projector Floor Stand

**multicomp** PRO

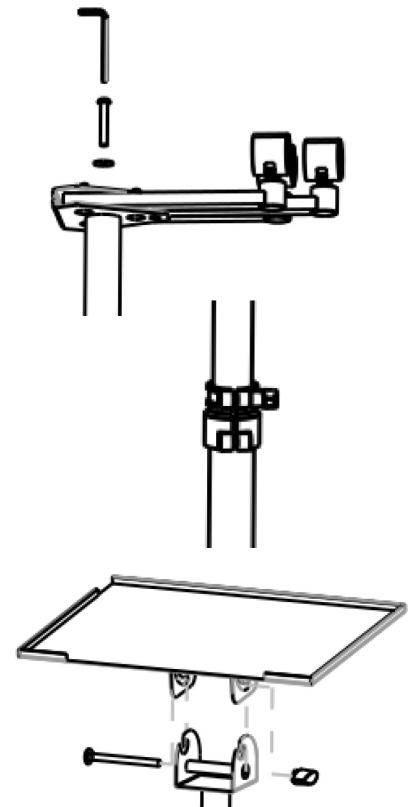

## Description

A portable, floor standing platform with castors for complete mobility. Ideal to hold a notebook computer or projector for office, school or conference use.

## Features

- Tilting platform with cushioned safety sides
- Robust steel construction with plastic adjustment collars
- Folding tripod base with lockable castors
- Platform dimensions: 400mm × 300mm
- Adjustable working height: 1110mm to 1500mm
- Folded dimensions (W × H × D): 350mm × 970mm × 125mm
- 15kg Capacity

1. Invert the lower upright and place the wheeled foot assembly on the end.
2. Insert the locking bolt with washer and tighten with the hex key.
3. Rotate the individual feet so they are spaced evenly and lock into place.
4. Turn the upright over and stand it on its wheels. Insert the upper upright into the lower assembly and tighten the thumb wheel to set the height as required.
6. Remove the bolt and thumb wheel from the adjuster quadrant.
7. Lower the table assembly over the adjuster so the adjustment slots align with the cross tube.
8. Insert the bolt through the slots and fit the thumb wheel.
9. Adjust the angle of the table as required and fully tighten the thumb wheel.
