HIGHLIGHTS

Connect to Your Next Innovation

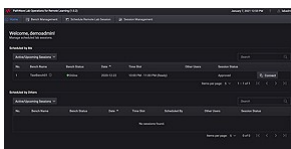

Keysight's industry-ready PathWave Lab Operation for Remote Learning software offers a convenient way to switch to online learning. This end-to-end solution allows the complete remote setup of instrument labs. It covers all your needs, including web-based lab management, scheduling administration, instrument control, and remote access for measurement and analysis.

- Streamline and simplify lab management, saving you time to focus on teaching.
- Interact with students and facilitate group collaboration in real time to accomplish smart teaching and learning.
- Access secure cloud-based remote lab and control tools.
- Achieve smart teaching and learning with an intuitive interaction tool.
- Get remote desktop control, configure, and measure functions.
- Connect to industry-grade test and measurement instruments and use the same software and technology used in the industry.

CONTROL YOUR INSTRUMENTS FROM ANYWHERE

Be truly connected to each other, connected to your lab, connected to the cloud, and connected to your next innovation with the Keysight PathWave Lab Operations for Remote Learning software.

SECURE CLOUD-BASED REMOTE LAB ACCESS AND CONTROL

- Seamlessly connect to, monitor, and troubleshoot all the instruments in your lab.
- Control and manage your test instruments from anywhere through a web browser
- Choose from available standard lab and instrument setup ...annual configuration
- Provide access for up to 50 concurrent users.

RELATED HARDWARE

EDU34450A Smart Bench Essentials Digital Multimeter

The EDU34450A is a dual-display 5.5-digit-resolution digital multimeter with up to 110 readings/s measuring rate for speed-critical tests.

EDU36311A Smart Bench Essentials DC Power Supply

A triple-output power supply with a large display lets you view all channels simultaneously. This bench supply also offers a compact design.

EDU33210A Series Smart Bench Essentials Waveform and Function Generators

The EDU33210A Series function / arbitrary waveform generators bring uncompromising performance to an entry-level function generator.

InfiniVision 1000 X-Series Oscilloscopes

Keysight's 1000 X-Series oscilloscopes are entry-level instruments with professional-level capabilities. Low cost oscilloscopes do not have to be low quality.
