### **ITT Cannon Product Change Notification**

Internal transfer of subassembly from ITT Cannon Weinstadt, Germany to Lainate, Italy

Dear Valued Customer:

ITT Cannon GmbH ("ITT") is issuing this product change notification to inform you that in June 2021, ITT will be moving several subassembly processes from our ITT Cannon Weinstadt, Germany facility to our ITT Cannon Lainate, Italy facility. The below subassembly process are used on a diverse array of ITT's CA Bayonet, CA Com, Trident and European manufactured KP products.

| Subassembly processes |
|-----------------------|
| Assembly              |
| Marking               |
| Plasma Cleaning       |

Furthermore, this facility transfer will not change country of origin (COO) and form, fit or function of end products. As with any internal or external supply chain move, we will complete internal quality assurance evaluations. This includes but not limited to testing and inspections before components are integrated into our product series.

If you are not the end customer, we ask that you inform the end customers. Should you require further assistance, please do not hesitate to contact your local ITT Sales or Customer Service Representative.

Sincerely,  
ITT Cannon GmbH
