

# PRO-SIGNAL

**PSG3000**

**VGA & L/R AUDIO TO HDMI CONVERTER**

## IMPORTANT SAFETY INFORMATION

Please read these instructions carefully before use and retain for future reference.

- Check that the voltage indicated on the PSU rating plate corresponds with that of the local network before connecting to the mains power supply.

## OVERVIEW

- This device converts VGA input into HDMI and allows PC users to enjoy much larger images on large screen TVs.
- L/R analogue audio is added to the HDMI stream. It is ideal for users with a need to connect laptops or PC's to newer HD monitors and projectors.

## WHAT'S IN THE BOX

- Main unit.
- 5V DC Power Supply
- User's Manual

## INSTALLATION

- Installs in seconds, no setup required.
- Convert PC's VGA video and R/L audio into complete HDMI signal.
- Supports highest video resolution 1920x1080.
- Supports 165MHz/1.65Gbps per channel (6.75Gbps all channel) bandwidth.
- Supports 8bit per channel (24bit all channel) deep colour.

## OPERATION

- Before installation, please make sure all devices you wish to connect have been powered off.
- Connect the VGA video and R/L audio from computer to this product using suitable cables.
- Connect the HDMI output from this product to the TV which has HDMI input using a suitable cable.
- Insert the 5V DC connector from the power supply into this product and then connect the power supply into the wall mains outlet.
- Power on the computer and TV and select the relevant HDMI input on the TV.
- The image does not need to be adjusted. This converter will position it automatically.

## SPECIFICATIONS

Operating environment	0°C to 70°C
Power supply	220-240V~50Hz
Power requirement	5V DC 2A
Power consumption (max)	5W

### INFORMATION ON WASTE DISPOSAL FOR CONSUMERS OF ELECTRICAL & ELECTRONIC EQUIPMENT.

When this product has reached the end of its life it must be treated as Waste Electrical & Electronic Equipment (WEEE). Any WEEE marked products must not be mixed with general household waste, but kept separate for the treatment, recovery and recycling of the materials used. Contact your local authority for details of recycling schemes in your area.
