Product Overview

Product overview: Fluke AC220 SureGrip™ Alligator Clips

The AC220 SureGrip™ Alligator Clips allows for a strong grip onto round screw heads up to 9.5 mm. These heavy-duty alligator clips are recommended for use with modular test leads such as the [TL222](#) and [TL224](#) SureGrip™ leads.

SureGrip accessories were designed to provide a reliable grip in slippery hands. Rubber-overmolded surfaces and finger-hugging curves give the user a comfortable, steady hold on the alligator clips so you can focus on making an accurate measurement no matter what work environment you're in.
