# EMIT

# 50364 - TEAM6 DESKTOP PERMANENT LICENSE

# Features

- **User Interface**
  New layout allows for easy maneuvering throughout the software
- **Data Transfer Speed**
  An improved polling process allows for near real time ESD results between SmartLog Pro® and TEAM6 software
- **Text Messaging**
  Operators can receive a text messaged alert showing their last ESD test result. This allows operators to quick show supervisors they performed and passed their daily required ESD test.
- **ESD Reports with Analog Data**
  The resistance measurements of the operators Wrist and Feet are now included on emailed reports
- **Smock Test**
  New Smock test feature allows operators to test and verify the functionally of an ESD Smock
- **SmartLog Pro Compatible**
  Designed for use with the SmartLog Pro®
