

## Description

A flexible expandable braided sleeving that has been designed for mechanical protection of looms and harnesses, but can also be used in a variety of other applications due to its excellent stability at high temperatures. Sleeving with an expansion ratio from 1 to 2 for general use. It has been developed for rail industry. Manufactured from polyester-terephthalate, the material is halogen free, offers extremely good resistance to high temperatures and is capable of expanding to 170% of its initial diameter.

## Specifications

Material	: PET (Polyethylene Terephthalate)
Covering	: $\geq 70\%$
Operating Temperatures	: -50 to +130°C
Melting Point	: +260°C
Cover According to DIN 65164	: 81%
Expansion	: 6mm to 12mm
Sleeving Colour	: Black
Flame Resistance	: Self-extinguishing (V2 UL94)
Standard	: EN 45545 NF F16-101 / F16-102

## Part Number Table

Description	Part Number
Expandable Braided Sleeving, PET, Black	PET6
