

tesa® Professional 4662

Product Information

Extra strong duct tape

tesa® 4662 is a tough and highly adhesive duct tape that is suited to countless DIY applications. The substrate consists of a PE-coated fabric combined with a natural-rubber adhesive mass. Thanks to the superior tesa® quality, it offers excellent adhesion even on rough and dusty surfaces. The supple duct tape is waterproof, impermeable to vapour and temperature-resistant, and it can be torn by hand and handled with ease.

Main Application

- Indoor and outdoor applications
- Sealing of pipes and ducts
- Applications on brickwork and timber
- Fixing of construction and protection films
- Closing and packaging

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Technical Data

• Backing material	PE laminated cloth	• Tensile strength	30 N/cm
• Total thickness	230 µm	• Temperature resistance short term	90 °C
• Type of adhesive	natural rubber	• Temperature resistance (30 min)	95 °C
• Elongation at break	15 %	• Mesh	27 count per square inch

Adhesion to

- steel 4.4 N/cm
