

Silicone Sock For Heat Block 23*23*17mm / 1 PCS

MFR: 4004010138

Product Information

Made of Heat-proof Silicon

No Sticking to Other Filaments

Prevent Heating Block from Abrasion

Keep Heating Block Clear

Thermal Isolation

The silicon cover accelerates the heating process, avoids heat dissipation at the heating end, stabilizes the heating end temperature, free from any environmental influences

Heating Block Protection

Made of heat-proof silicon, no sticking to other filaments, prevent the heating block from abrasion, and keep the heating block clean
