

CREALITY

**PEI Plate Kit Glossy Surface 235×235×1mm**

**PEI Plate for Ender-3/Ender-3 Pro/Ender-3s/Ender-5/CR20 PRO/CR20**

**MFR: 4004090039**

### PEI Printing Plate

Flame retardant

Easy to take molds

Wear resistant and  
high strength

Repeated use

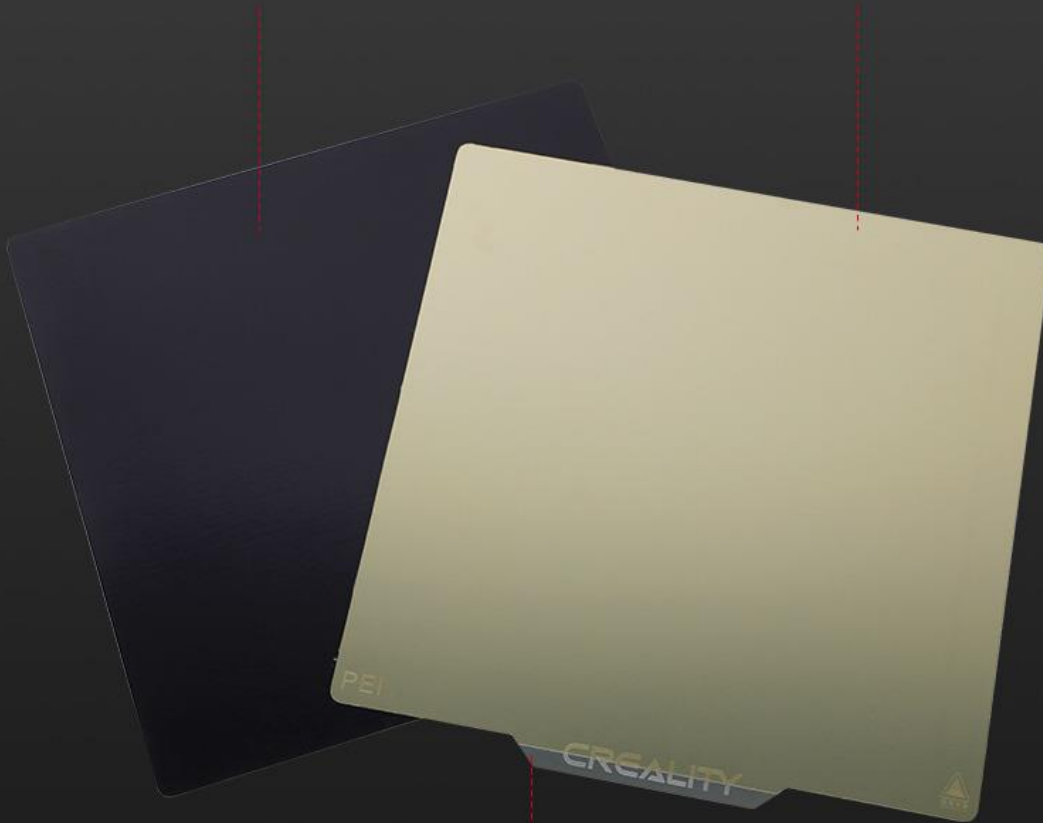

## Multiple reinforcement Easy to take molds, Durable

PEI pasted surface | Spring steel plate | Magnetic base

Magnetic base

PEI pasted surface

Spring steel plate

## PEI surface

Smooth surface, Easy to take mold

Flat and smooth PEI surface and model bottom, better adhesion to filament, avoid warping  
With spring steel plate, it is more convenient to take the mold

PEI (Polyetherimide): Inherent flame retardancy and low smoke, Oxygen index is 46%, Combustion class is UL94-V-0 grade, PEI material has strong high temperature stability and high rigidity.

Product name	PEI Printing Plate
Material	PEI
Product size	235*235MM
Compatible models	Ender-3、Ender-3 Pro、Ender-5、 Ender-3S、CR20、CR20 Pro、CP-01、 Ender-3 V2、Ender-5 Pro、Ender-5S
