Application

HellermannTyton's EVO7i mechanical hand tool was ergonomically designed to reduce the risks of repetitive stress injuries to operators while concurrently increasing productivity. The EVO7i Tension/Lock/Cut Technology delivers performance, safety and comfort for the operators.

The "i" in EVO 7i stands for industrial. With enhanced features for extended performance, HellermannTyton continues to deliver the tools preferred by manufacturers.

• Tested to over one million cycles, for unparalleled performance

• Factory-calibrated tensioning provides consistently reliable results for demanding applications

• Short and standard span for different sized hands, as opposed to a one-size approach

• Customer serviceable blade and nosepiece –backward compatible with EVO 7

• 12 months warranty included
