

EOL Statement

Due to the demand for prismatic Li-ion cells has reduced, and nowadays prismatic Li-ion cells have been gradually replaced by Li-Pol cells, we, Dubilier, hereby confirm that we're going to stop production for prismatic Li-ion cells after June,1st, 2022. The affected models are listed as below. We can still accept orders for these models before June,1st,2022, but the MOQ would be 10Kpcs/lot if we don't have available cells in stock.
