TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

60P Cover Packaging Change

Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is changing the packaging for the part number(s) listed below. The change is necessary to achieve proper packaging standards in the current manufacturing location. The new packaging dimension is 547.7 X 335.0 X 277.2mm (LxWxH). Standard Package Quantity will not change. Product drawings are not affected and the change does not impact product performance. The current and previous packaging revision can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed. These PNs are TE proprietary designs, therefore considered catalog/general market products. PPAPs will not be submitted for this change since product fit, form, and function are not affected.
