TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

MICRODOT Products

Description of Changes

Dear Customer, as a result of our continuous improvement process we hereby inform you of a supplier change to our MICRODOT product. The following Part Numbers will now be plated in our TE Connectivity facility located in Hermosillo, MX. This will not affect form-fit-function in any way.

Reason for Changes:

Capacity and quality improvement initiatives. Dear Customer, we hereby inform you about the additional plating facility for added plating capacities. The additional location follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The addition of the new plating location will have a positive impact to the current capacity and quality of our TE Connectivity MICRODOT products. The scope change is limited to only the Sleeve.
