# CREALITY

**MPN - CR-10 SMART PRO**

**Description - CR-10 Smart Pro 3D Printer**

Multi-modes Smart Networking

Dual-mode Leveling

Full-metal Dual-gear Direct Extruder

| Creality Cloud App | Smart+Manual Leveling | AI HD Camera | LED Lighting | Full-metal Dual-gear Direct Extruder | Dual Z Axes+Dual Diagonal Drawbars |
|---|---|---|---|---|---|
| Remote controls integrate intelligence and Pleasure | Dual-mode leveling ensures great-looking first layer | Real-time HD and handheld smart controls | Eco-friendly fill light helps save on energy | Strong extrusion and high filament compatibility | Stable operations and enhanced accuracy |

**Product Parameter**

**Modeling Technology**: FDM (Fused Deposition Modeling)
**Working Mode**: SD Card/Wi-Fi/Network
**Printing Size (mm)**: 300*300*400
**Product Weight (kg)**: 13.6
**Filament**: PLA/TPU/PETG/ABS/Wood/PA/carbon fiber
**Print Precision**: ±0.1mm
**Layer Thickness**: 0.1mm-0.4mm
**Hotbed Temperature**: ≤100℃
**Nozzle Temperature**: ≤300℃
**Printing Speed**: 80-100mm/s
**Display**: 4.3-inch HD Full viewing angle screen
**Power Supply**: AC100-240V 24V
**Leveling method**: Smart + Manual Leveling
**File Format**: STL/OBJ/AMF
