3M™ Versaflo™ Powered Air Purifying Respirators (PAPRs) in Oral Care

Where comfort and versatility unite.

Our 3M™ Versaflo™ TR-300+ PAPR System for particulate environments provides great versatility, comfort and ease of use.

Meet the 3M™ Versaflo™ TR-300+ Powered Air Purifying Respirator.

Comfort All Day Long

- Constant airflow: even as the battery discharges, or the filter becomes loaded with particulates, the unit delivers a steady flow of air
- High-capacity battery (TR-332) lasts 8-12 hours
- Two airflow speed rates to customize your comfort
- Certain loupes have been found to be generally compatible with certain S-series headtops including:
 - Orascoptic™ 2.5X
 - Orascoptic™ 4.5X
 - SurgiTel® 2.5X
- Wide field of vision, allowing patients to see their provider's face

Straightforward, Minimal Maintenance

- Most maintenance can be done quickly and easily by hand, including changing the battery, filter and pre-filter
- 3M Versaflo Easy Clean Belt TR-327 and blower unit have smooth surfaces, facilitating fast wipe-downs for easier cleaning
- Brushless motor for up to 5000 hours of run time

Ease of Use

- Fit testing is not required with loose fitting headtops and those with certain limited facial hair may be accommodated
- User friendly interface: monitor the operating status of your filter, battery and airflow at a single glance
- Audio and visual alarms for filter load or low battery
- Color-indicated, interactive touch points

Systems suitable to your environment.

3M™ Versaflo™ TR-300N+ECK

TR-300N+ECK - Easy Clean PAPR Kit

Includes:

- S-433L Hood Assembly
- BT-30 Length Adjusting Breathing Tube
- TR-302N+ PAPR Unit
- TR-327 Easy Clean Belt
- TR-332 High Capacity Battery
- TR-341N Battery Charger Kit
- TR-3712N HE Filter
- TR-3600 Pre-Filter
- TR-971 Airflow Indicator

Suggested as a possible alternative to N95, KN95 or reusable elastomeric respirators.

3M™ Versaflo™ TR-300N+HKL/HKS

TR-300N+HKL/HKS - Healthcare Kit

Includes:

- S-133L Headtop
- BT-30 Length Adjusting Breathing Tube
- TR-302N+ PAPR Unit
- TR-327 Easy Clean Belt
- TR-332 High Capacity Battery
- TR-341N Battery Charger Kit
- TR-3712N HE Filter
- TR-3600 Pre-Filter
- TR-971 Airflow Indicator

S-433 Series

**Included in TR-300N+ECK Kit*

	WARNING
<p>These respirators help reduce exposures to certain airborne particulates. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in injury, illness or death. For correct use, consult supervisor and User Instructions, or call 3M PSD Technical Service in USA at 1-800-243-4630 and in Canada at 1-800-267-4414.</p>
