## Product Change Notification

**1. ECR #:** 218758  
**Notification #:** 655

**2. Date of Announcement:** November 09, 2022

**3. Series:**

- IPL1-1XX-XX-XXX-SH-K-XX - null
- IPL1-XX-SH - null

**4. Part #'s Affected**

- IPL1-1XX-XX-XXX-SH-K-TR
- IPL1-XX-SH

**5. Description of Change:**

Added voids on both non-mating sides of body. Existing connectors side walls were smooth. There were no other changes except for adding the voiding to sides of connector body. These voids will be present on IPL1 -SH bodies from position 6 up to and including 25.

**6. Method of Identifying Change**

Visual, changes will be visible under 10x magnification.

**7. Reason for Change:**

Non-mating side wall voids were added to improve the manufacturability of the connector. This is being modified as a rolling change. Old and new revisions of material may be received until change is complete.

**8. Impact of Change on Form, Fit, or Function:**

- Form - Non-mating side wall voids were added to improve the manufacturability. These will be implemented for positions 6 up to and including 25.
- Fit - No change to the fit. These changes are backward compatible with Samtec's IPD1/MMSS connectors.
- Function - Changes to mechanical and electrical integrity have been evaluated and no detrimental changes were found.

**9. Projected Implementation Date:** November 09, 2022

**Disclaimer**

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact [CustomerECN@samtec.com](mailto:CustomerECN@samtec.com). Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at [CustomerECN@samtec.com](mailto:CustomerECN@samtec.com) for any questions related to this change.
