Description and purpose of change:

Due to an improvement of the production capability, Würth Elektronik will change the core supplier.
 All products with date code 2023-02-09 or later, will be affected by this change.
 There will be no change in form, fit, function, quality or reliability of the product.

Detail of Change:

The new core is identical compared to the core before the change. The electrical and mechanical parameters in the datasheet are not affected.

Reliability / Qualification Summary:

Product approval is according to the specification criteria and is internally released by the Product Management Department.

The following items are part of the internal release process:

- Five Time Reflow Test (according J-STD-020D)
- Thermal Shock Test (according MIL-STD-202 Method 107)
- Vibration Test (according MIL-STD-202 Method 204)
- Visual Appearance (Surface, Burr, Contaminations, ...)
- Mechanical Parameters (according as specified in the Datasheet)
- Electrical Parameters (according 25MHz and 100MHz as specified in the Datasheet)
