PCN #: PCN-22-160643

Subject : ABC Modules and In-Line Shells

Description of Change : Dear Customer, as a result for our continuous strive for improving our processes and product, we hereby inform you about a change in definition. This component is procured as is or used in end product procured from TE. The change to be implemented is a shift of marking methods from ink jet marking to laser marking on unplated ABC and ABC type modules and housings. The change is executed by following a strict change management procedure, with an internal evaluation and release based on our specifications. For any additional concerns, please reach out to your TE customer account manager.

Reason : Product improvement for marking legibility, permanence and to reduce use of chemical inks and cleaners.
