

Caster Base For WRK 32"D Racks

Item # CBS-WRK-32

Description

If you need to move a rack enclosure around the WRK Series Caster Base is the perfect option to install. With a 1300 lb capacity, this caster base allows you to easily roll the enclosure into place while only adding 3/4" to the overall height. Preinstalled heavy-duty 3" non-locking casters save you time completing your project early.

Features

- Heavy Duty 3" Non-Locking Casters for ruggedness and durability
- Commercial Grade Caster Base for demanding IT environments
- Fits all WRK series 27" depth and 32" depth Rack Enclosures
- Installs quickly on Middle Atlantic rack enclosures
- UL listed up to 1300 lbs for large equipment capacity applications

Application

- Data Centers
- LAN aggregation
- MDF/IDF installations
- Network Infrastructure
