

19" Rack Mountable Power Distribution Unit

Item # PD-915R

Description

The PD-915R rackmount 8 port power distribution unit is equipped with 8 rear outlets, and one front outlet. Features include surge and spike protection, EMI filtering, and a 9 ft power cord. A generous 8 $\frac{3}{4}$ " depth offers easy access to the 15 amp rear panel outlets which are solidly mounted on yokes to eliminate deflection. An illuminated combination power switch/circuit breaker is located on the front panel. Occupies one rackspace, finished with a durable black powder coat. UL recognized, listing pending. Order online today!

Features

- 8 circuit-breaker protected rear outlets protect valuable equipment in the event of a power surge
- Provides AC power to up to 9 devices
- Rear panel outlets are solidly mounted on yokes to eliminate deflection
- Universal design works with standard 19" equipment racks

- Warranty: Returns may be accepted in the first 30 days. After 30 days returns must be handled by the manufacturer.

Application

- Data center
- Power distribution
- Surge protection
- MDF/IDF
