

19" Rack Mountable Shelf 4U

Item # U4

Description

Middle Atlantic's universal rack shelves are the best choice for adding non-rack mountable equipment to any rack system. These easy to install shelves feature 17-3/8" width giving you maximum space for equipment. Constructed with 16-gauge steel, these shelves are built to securely hold heavier items. Each unit is finished in a durable black powder coat and individually boxed. Large volume quotations are available; Contact us today!

Features

- Weight capacity from 35 to 85 lbs. depending on size
