

Rackmount Computer Keyboard with Touchpad

Item # RM-KB

Description

Save rack space with Middle Atlantic's slide-away keyboard and touchpad system. Featuring an AT style 101-keyboard, this drawer takes only 1.75 inches of rack space. No more using a shelf and keyboard combination that does not fit well, this drawer combines the keyboard and a touchpad for easy operation of your computer while minimizing rack space usage. An articulating arm provides effective cable management when the drawer is moved. Complete with 12" keyboard and USB adapter. Finished in a durable black powder coat. Same day shipping on most items; Order online today!
