

**RTMS Micro Soldering tip
round form 45° sloped Ø 1.2
mm, MIL-SPEC**

Item No: T0050109599

RTMS Micro tip round form 45°
sloped Ø 1.2 mm, MIL-SPEC

KEY FEATURES

-  Perfect for All Micro and Standard Applications for micro and standard component sizes:
Smart high performance active tips for micro and standard components: 0504 to 1608 (M to L)
-  Extremely Fast 5-Second Heat-up Time
-  Maximum Precision:
Short tip-to-grip distance and optimized shape provides maximum precision during the soldering process.
-  Wide Tip Range for Every Application:
More than 40 smart universal soldering tip shapes and sizes that are connectable to just one soldering iron, with no need for additional tools.
-  Clear Identification Smart Tips
-  Full Process Control with Tip Lock Function
-  Full Traceability with Tip ID Number and Integrated Data Storage
-  Accurate Data Results with Tip-Offset Function
-  Fast, Safe and Easy Tip Exchange
-  Maximum Protection:
(IPC industry standards - TM-650 2.5.33)
