Subject: Addition of production capacity for 01250003H for assurance of supply

With regards to the above reference, Littelfuse would like to inform you that we would be increasing our production via another plant in China for assurance of supply for the clip 01250003H.

The clip 01250003H that would be shipped out from China factory would have COO China as the single change on the label.

There are no changes to the electrical specs as defined in the datasheet, no changes in the form, fit and function of the clip. Please see attached for validation report.

There is no change to the part number.

We would start the shipments with immediate effect.

Please let us know should you have further queries.

Best Regards;

Style Liu
