

# Infresco Remote control

## IR-RC

X10729

### INTRODUCTION

This remote control has been designed to work with the Infresco IR. It allows the output of the controller to be turned up and down remotely.

This allows the main controller to be mounted in any location but the IR controller must be in sight of the remote control to work.

### SPECIFICATIONS

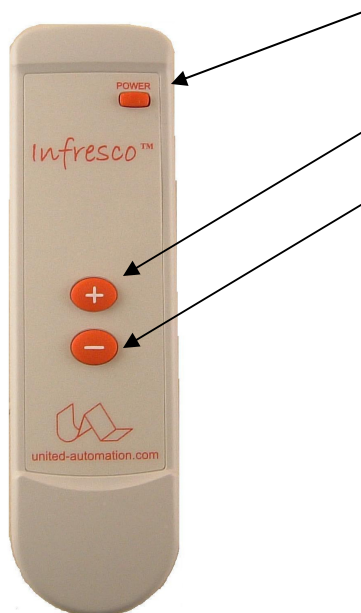

Battery: 2 X AAA (Supplied)

Dimensions: 160 x 45 x 20

### INSTALLATION
