

Advanced Energy announced in April , 2023 that a number of our low power AC-DC products were going End of Life. These products have always sold very well to 100's of Farnell customers. Considering that after July 31<sup>st</sup>, 2023 we will be unable to accept new orders , we recommend that Farnell orders additional product to support the many 100's of customers will still continue to use these products.

I'm enclosing a spreadsheet with all of the April 2023 EOL products and for the Low Power Products LPT4/6 I have added the Farnell Order code.

Please review and consider additional orders for these products.

Models with Farnell Code below:-

Model No	Farnell	Replacement Model	Replacement Info	LTB Period Start	LTB Period End	Status
LPS42	1171487	NPS42-M		04/24/2023	07/31/2023	Buy Last Time
