Busbar carrier; not suitable for use as end stop; for DIN 35 rail; 1.5 mm thick; blue		

Installation Notes

Perforations make it possible to fit the carrier to all TOPJOB® S Installation Rail-Mount Terminal Blocks using a single part.

The compact busbar carrier (1.5 mm thick), which is placed every 200 mm, provides additional busbar support for longer assemblies.

Subject to changes. Please also observe the further product documentation!
