

Description

This range of professional quality stainless steel pliers & nippers has been specially designed for precision work. All pliers are of box joint construction, retaining precise alignment even under strain and after considerable use. Jaws will never develop looseness or wobble, yet open and close smoothly. These snipe bent pliers with smooth non-marking jaws and inbuilt spring are excellent for pulling, twisting, gripping and holding. Ideal for serious modelling, jewellery design, hobby & even smaller DIY applications.

Features

- 115mm, Stainless Steel with spring
- Smooth jaws, professional quality
- Comfortable insulated grips
- For serious modelling, jewellery, hobby & smaller DIY tasks
