## DIN Rail Mounted Enclosures 1597DM Series

### Key Features:

- Designed to mount onto standard 35mm DIN rails using integrated DIN rail mounting clip
- Ideal for housing printed circuit boards, terminal blocks, and other DIN rail mounted electronics
- Snap closures for easy assembly, no hardware required
- Constructed of RAL7035 light grey PPO thermoplastic
- DIN group numbers refer to the number of terminals on each side of the enclosure
- Accessories including bread boards, replacement DIN clips, terminal covers, and top covers are available
  - **NOTE:** Some accessories are not compatible with all enclosures in a DIN size group. It is recommended to check the enclosure drawing to confirm compatibility
