

04-Aug-2023

PCN #: PCN-23-183162

Subject : Receptacle assemblies, Dimmable Photocontrol Power and Signal Leads

Description of Change : In an effort to reduce packaging and waste TE Connectivity is eliminating the clear shipping cover applied to certain ANSI Dimming receptacles.

Reason : As TE continues to work on the reduction of waste in our processes and customer's processes the clear shipping caps and note 9 of the customer drawing will be eliminated at the same time. Clear plastic shipping caps will not longer be made available.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
