

mikroC PRO for PIC

PID: MIKROE-1943

You will love mikroC!

1-TIME PAYMENT, LIFETIME LICENSE

Pay once and never worry about it again. Once you buy the compiler you are entitled to lifetime free upgrades. Upgrading the compiler takes only a few minutes and a few clicks. We are constantly adding new features to the compiler, you can keep track of what is happening on the [Software Roadmap page](#).

Our support team is always available – you can rely on our help while you are developing. The compiler license guarantees free product lifetime technical support.

Start here with [Quick Start Guide](#)

168 EXAMPLES

Every single library that is in our compiler is covered by a working example. More than 153 ready-made working examples, to help you understand how the library works or give you useful code snippets for your project.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Specifications

Architecture	PIC (8-bit)
License type	Electronic (virtual),USB Dongle
Programming language	C
Silicon Vendor	Microchip
