Re: New Product Announcement: Series ZE Touch Screens

NKK is pleased to announce the release of their newest products: the Series ZE Multi-touch Resistive Touch Screens. There are three models with expanded screen sizes to enhance design capabilities, all with exceptional durability and endurance properties. These four-wire cell resistive touch screens have a high resistivity to noise and are constructed to stay tough with repetitive use even during inclement environmental challenges. They are controlled with light touch operation, using input similar to gestures that direct smartphones. Also available are Controller Boards, engineered to partner seamlessly with the new Series ZE Touch Screens, and a Controller Cable.

Series ZE Touch Screens

Part Number	Screen Size	Viewing Area Dimensions	External Dimensions	Terminal Detail
ZE253-234B-MTR070W	7.0" Wide	6.185" x 3.760" (157.1mm x 95.5mm)	6.579" x 4.413" (167.1mm x 112.1mm)	0.02" (0.5mm) Pitch Length 2.756" (70.0mm)
ZE254-234C-MTR101W	10.1" Wide	8.701" x 5.496" (221.0mm x 139.6mm)	9.094" x 6.150" (231.0mm x 156.2mm)	0.02" (0.5mm) Pitch Length 3.937" (100.0mm)
ZE255-234D-MTR156W	15.6" Wide	13.777" x 7.844" (349.94mm x 199.23mm)	14.228" x 8.441" (361.4mm x 214.4mm)	

Controller Boards

Part Number	Screen Size
ZE257-234F-MTR2010	For 7.0" Wide Touch Screen
ZE256-234E-MTR2000	For 10.1" & 15.6" Wide Touch Screens

- High specification touch controller boards with fast rates of coordinate output
- Recognizes dual inputs
- Supports USB interface

Controller Cable available for connecting Controller Board to PC for USB communications.

Part Number: ZE258-234G-10USB
