

## Folding Jab Saw

Jab saws can rip or tear your tool bag. With Klein Tools Folding Jab Saw, there's no need for taped-up, homemade sheaths or big holes in your tool pouch. The fast cutting carbon steel blade is as sturdy as a fixed blade saw, but folds smartly into the comfort-grip handle. The lockback mechanism secures the blade at a full 180-degrees and also at a 125-degrees for those hard to reach spots.
