IDEAS/HINTS & TIPS

Artmix can be diluted with water to use as a colour wash.

Add high quality adhesives to thicken the texture and achieve a glossy finish.

Clothing and work surfaces should be protected, paints can stain.

May wash out of fabric with cool water. Pre-soak dried stains overnight in cool water with small amount of detergent. Work gently by hand until the stain is removed. Stains may not come out if machine washed without pre-soaking.
