

27-Oct-2023

**PCN #:** PCN-23-190952

**Subject :** J series

**Description of Change :** Discontinue the J-series.

The J-series is an older generation of the P-series. We recommend customers to change to the P-Series. For legacy products we have launched a J-Series extender so the P series PNs fit in the same panel cutout. The substitute PNs below already include the extenders.

In addition the extender can be ordered separately under PN PA400.

**Reason :** As part of strategic alignment and portfolio optimization, TE has decided to discontinue the TCPN's included in the list below. Last time buy and last time shipments will be supported until the provided dates below. Please refer to the provided alternative/replacement PNs highlighted (if listed) with the intention to support the continuity of our customer's design needs. Please review any replacement parts as they may not be form/fit/function equivalents.

**Key Dates :**

**Last Order Date:**31-Jan-2024

**Last Ship/EOL Date:**01-May-2024

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
