

24-Nov-2023

PCN #: P-23-025409

Subject : SHIPPING CAP, CAP, HVA280-3PM

Description of Change : This Product Change Notification (PCN) is to inform about new molding tool for SHIPPING CAP HVA280-3PM according to VDA Trigger Matrix No 13. The manufacturing of molding will run in a new location. The change has no impact to form-fit-function.

TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE, including product validation as per OEM/CAM requirements. Validation will be initiated and completed according to project plan, as soon as samples are available.

PPAP will be prepared (as per agreements between the two parties, including the negotiated TE trigger matrix), a request via ePPAP (via www.te.com or request to TE Sales representative) needs to be initiated by Customer within 2 weeks after receiving of this PCN. In case no request is obtained till above mentioned date, PPAP will be considered as approved, and the change is considered as fully released.

Reason : Product improvement. After analysis of condition of current tool, it was decided to plan its timely replacement to ensure no negative impact to quality and delivery situation.
