Subject: Xenon strobe product discontinuation

Dear Customer,

The following Edwards Signaling xenon strobe products are being discontinued effective immediately due to end-of-life components and cost increases combined with an increased demand for more efficient LED products. We have replacement options in LED, Halogen or Incandescent depending on the model. Not all products have replacement options. Attached is a chart with potential/closest replacement part options. Please work with our customer service team to update any current orders to an active replacement part.
