

Mi THE MASTER SERIES

Model No CX101

Automatic Universal NiCd/NiMH 3.6V/4.8V/6V Video/Camcorder Battery Charger

This universal battery charger comes attractively packaged in a clam shell than can be hung or free standing. The unit has a built in base plate for 6 volt batteries & includes two additional adaptor plates, one for 4.8 volt Panasonic batteries & the other for 3.6 volt Sharp batteries.

The majority of most brands NiCd/NiMH camcorder batteries can be charged on this unit.

Charging time - standard batteries will take around two hours to charge & high capacity batteries from 2-6 hours dependant on the battery capacity. A discharge function is also available on the charger.

Input: 12VDC via car cigarette lighter plug or SAA approved 240VAC power supply included.

Output: 3.6V to 6V (Auto Detect) @ 600mA

CE Approved.

The standard package Includes the CX101 charger, ac/dc adapter, cigarette lighter plug cord, video battery adaptor plates, user manual.
