About us

/ Our brands

A network of over 3,300 employees, 60 offices, 8 distribution centres, 5 brands and 3 stores.

We are committed to providing you with dedicated support at every stage of your design journey. from prototyping, through production to repair and maintenance – we will work with you to deliver tailored support based on the needs of your project.

We have five key brands within our network, operating across the world that give you access to a global inventory, leading technical support and bespoke services.

With over 80 years in high-service electronics components distribution, Farnell's global businesses distribute a comprehensive portfolio of products, supported by an international supply chain and an inventory profile developed to anticipate and meet its customers' needs.

Experience working with the largest manufacturers designing and manufacturing development kits and boards provides customers of all sizes with experience which can be applied at any stage to accelerate time to market – from research and design support, to prototype and test right through to production services.

This extensive range of products and services is delivered by 3,300 employees in 60 countries as [Farnell](#) in EMEA, [Newark](#) in North America and [element14](#) in Asia Pacific. Consumers in the UK can purchase from its CPC business. Farnell has over 950,000 products in stock covering 2,000 manufacturer brands and supplying over two million customer contacts in more than 150 global industries.

We have 9 distribution centres across the world, local transactional websites in 46 countries and a dedicated community of over 750,000 engineers.

As part of [Avnet](#) since October 2016, customers can now also access the latest products in stock from across Avnet.

Farnell is also a global leader in legislation including RoHS, WEEE and REACH

The Engineer's Choice

multicomp PRO

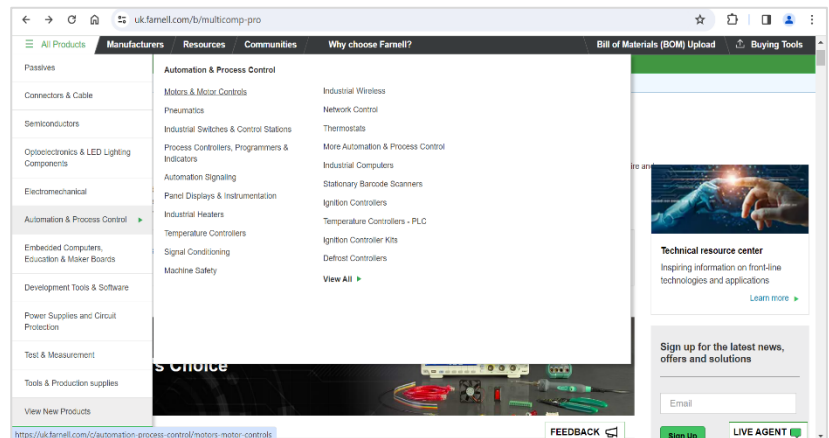

Easy access to Product information

- Up-to-date Datasheets
- Embedded Product selectors to quickly find your desired needs
- Accurate product images and technical descriptions
- Certified products
- Attached Operating and Programming manuals
- Free product delivery on the next business day

Explore your Industrial needs

- All your Industrial needs in one place at the best price
- Our segmented classification system makes it easy to find the right product quickly and hassle-free
- 24/5 Technical support available for all product related queries

MULTICOMP PRO

Developed by our engineers for engineers like you. Multicomp Pro products and components have been designed to meet the quality standards and the value you need.

- **Quality** - 97% would "recommend to a colleague"
- **Value** - Savings now and over the life of the product
- **Range** - Over 50K products for engineers, technicians and production facilities

Pushbutton Switches

Product Range

Round Flat Pushbutton Switches

- Momentary (Normally Open and Normally Closed) type Pushbutton Switches
- SPST contact configuration
- 4 Terminal Options available (Solder lug & Through hole)
- Wide operating temperature range for diverse industrial usage and demanding conditions
- Applications include instrumentation, automotive controls, machinery, industrial control panels, consumer electronics and appliances
- Illuminated and Non-illuminated pushbutton switches
- LED Colours include White, Red, Yellow, Green and Blue
- 5 Cap colour options available
- Easy Panel mount options
- Standard hardware includes 1 nut, 1 O-ring, 1 lock washer
- IP68 dust and waterproof products

MULTICOMP PRO Industrial Pushbutton switches are certified as per IP68 standards offering superior protection

Round Domed Pushbutton Switches

- Momentary (Normally Open and Normally Closed) type Pushbutton Switches
- SPST contact configuration
- 4 Terminal Options available (Solder lug & Through hole)
- Wide operating temperature range
- Applications include industrial control panels, automotive control, machinery, appliances, consumer electronics and instrumentation
- Non-illuminated pushbutton switches
- 5 Cap colour options available with long electrical and mechanical life
- Easy Panel mount options
- Standard hardware includes 1 nut, 1 O-ring, 1 lock washer
- IP68 dust and waterproof products that comply with industry standards and regulations

Exceptional electrical properties and operating reliably in demanding environments across a wide range of applications

High Raised Pushbutton Switches

- Momentary (Normally Open and Normally Closed) type Pushbutton Switches
- SPST contact configuration
- 4 Terminal Options available (Solder lug & Through hole)
- Wide operating temperature range
- Wide range of applications including industrial control panels, automotive controls, machinery, appliances, and instrumentation
- Non-illuminated pushbutton switches
- 5 Cap colour options available with long electrical and mechanical life
- Easy Panel mount options
- Standard hardware includes 1 nut, 1 O-ring, 1 lock washer
- IP68 dust and waterproof products that comply with industry standards and regulations

This catalogue and its contents (the "Information") belong to the members of the AVNET group of companies (the "Group") or are licensed to it. No licence is granted for the use of it other than for information purposes in connection with the products to which it relates. No licence of any intellectual property rights is granted. The Information is subject to change without notice and replaces all catalogues previously supplied. The Information supplied is believed to be accurate but the Group assumes no responsibility for its accuracy or completeness, any error in or omission from it or for any use made of it. Users of this data sheet should check for themselves the Information and the suitability of the products for their purpose and not make any assumptions based on information included or omitted. Liability for loss or damage resulting from any reliance on the Information or use of it (including liability resulting from negligence or where the Group was aware of the possibility of such loss or damage arising) is excluded. This will not operate to limit or restrict the Group's liability for death or personal injury resulting from its negligence. Multicomp Pro is the registered trademark of Premier Farnell Limited 2019.
