Changes for AT412 Caps for MBN & WB Series Pushbuttons

Type of Change:

- ☐ Engineering ☐ Part Number
☒ Product ☒ Appearance

The original Change Notice CN-0412 released April 2024 is being reissued as Change Notice CN-0412-A. The new revision, production location of the AT412 caps, will be changing from the Japan Factory to the China Factory, and follows on page 2. There are no revisions to Page 1.

- There will be revisions to the 19mm diameter AT412 screw-on caps for MBN and WB Series Pushbuttons. The underside of the cap's structure will change, and the material, formerly polystyrene, will be revised to PBT resin. This change will apply to all standard and custom AT412 caps in each of the four colors. There will be no difference in the effectiveness of the caps' fit or function, and no external dimensions will be altered.

Effected standard part numbers are listed on the table on page 2.
