**Obsolescence of Select SolaHD™
CVS Hardwired Series Constant
Voltage Transformers**

At Emerson, we are dedicated to providing our customers with the best products and service. Through innovation and breadth of product, we strive to understand our customers' needs and deliver the unique solutions that ensure their success.

Emerson SolaHD™ is continually reviewing its product portfolio, therefore, it is planned to obsolete 30VA (23130302) and 60VA (23130602) CVS Hardwired Series Constant Voltage Transformers effective immediately. Please advise our customers to purchase the next size CVS, 120VA (23221122) as a substitute or alternative replacement.
